

2008-2009 Basic and Clinical Science Course: Section 10: Glaucoma (Basic and Clinical Science Course 2008-2009)

This section underwent major revision for the 2008-2009 edition. Topics discussed include the epidemiologic aspects of glaucoma; hereditary and genetic factors; intraocular pressure and aqueous humor dynamics; clinical evaluation; medical management of and surgical therapy for glaucoma. This edition contains updated tables and revised images, as well as numerous new images illustrating both disease entities and surgical techniques.
