

## Suspicious and Lies (Fortune Out West Series - Book Four) (Volume 4)

Lydia Collins is looking forward to the arrival of the famous showgirl, Letitia Gordon, who is coming to town to perform at the saloon for the first time. Lydia has really missed having another woman to talk to and she's looking forward to getting to know Letitia. However, when Letitia arrives, it becomes immediately clear that it's not Lydia she's interested in. It's Silas Jones, the rich owner of the saloon. As Lydia begins to realize that she has feelings for Silas herself, she wonders whether she's left it too late to say something. After all, what man in his right mind would choose her over the glamorous Letitia? Fortune Out West is a series of romantic novels set in the Californian Gold Rush of the mid-19th century. Suspicious and Lies, the fourth in the set of five, follows the life of Lydia Collins, as a chain of events leads her to question what it is she really wants and with whom.
